PROCLAMATION.

IN exercise of the power in this behalf in me vested I, the Superintendent of the Province of New Plymouth do hereby proclaim and appoint that the Sixth Session of the Provincial Council of the said Province shall be holden at the Council Chamber in the Town of New Plymouth in the said Province and shall commence on Wednesday, the 13th day of January, 1858, at 2 o'clock in the afternoon.

Given under my hand at New Plymouth, in the Province of New Plymouth, this twenty first day of December, One thousand eight hundred and fifty seven.

G. CUTFIELD,
Superintendent.

Provincial Secretary.

Provincial Secretary's Office,
New Plymouth, 21st December, 1857.

THE following Report of the Education Commission is published for general information.

I. N. WATT,
Provincial Secretary.

REPORT of the Commission appointed by his Honor the Superintendent pursuant to an Ordinance of the Provincial Council of New Plymouth, Session 5, No. 4. "To inquire into and consider the system of education best adapted to promote the intellectual development of the rising

generation of the Province, and to secure its prosperity and progress."

The Commissioners having duly considered the limited resources at the disposal of the Provincial Government, which preclude the present development of any complete system of education, have the honor to suggest the outlines of a plan, which would, in their opinion, be found inexpensive, easy of introduction, practically useful, and capable of expansion with the increase of the resources of the Province.

The Commissioners recommend,—

1st.—That districts be established for educational purposes, and that Grants in aid from the Provincial Revenue be made in proportion to the amounts raised for the schools by the Inhabitants of such districts.

2nd.—That Government aid be given to only one system of Public schools.

3rd.—That moral and religious instruction free from sectarian teaching, be imparted in every school receiving aid from the Provincial Revenue.

4th.—That in the Public schools the religious instruction imparted by the Lay teachers shall be restricted to a daily repetition of the Lord's prayer, and to the reading of selections from the Scriptures approved by the Board of Public Instruction.

5th.—That one day in the week be set apart for religious instruction, on which day Ministers of Religion may attend the schools at stated hours, for the purpose of giving special instruction to the children of their respective denominations.

6th.—That schools of the same class be open to all children upon equal terms.

7th.—That no child be admitted gratui-

tously into a Public school, except under special circumstances, and by authority of the Board of Public Instruction.

8th.—That schools receiving Government aid be placed under the control of a Board of Public Instruction appointed by the Superintendent.

9th.—That all schools receiving Government aid be inspected by officers appointed by the Board of Public Instruction, and approved by the Superintendent.

10th.—That periodical reports be made by Inspectors of schools to the Board of Public Instruction, by whom they shall be published for general information. The Commissioners are of opinion that no district should be allowed to remain unprovided with a sufficient school. They also suggest rates for the establishment and maintenance of district schools, the appointment of district Committees of management, and of a central Board of Public Instruction.

11th.—That a Grammar school be founded at an early date in the Town of New Plymouth, and Primary and Infant schools in the Rural districts.

12th.—That the course of Instruction in the Grammar school should comprise Ancient and Modern History, English composition, the higher branches of Arithmetic, Geography, Mathematics, the Latin and French languages, Natural Philosophy, Music and Drawing.

13th.—That in the Primary schools be taught, if practicable, Reading, Writing, English Grammar, Geography, English History, and the elements of Arithmetic and Music.

14th.—That in every school where practicable, the Sexes be separately taught, the Boys by a Master, and Girls by a school Mistress.

15th.—That a sum be placed on the estimates for the ensuing year for educational purposes.

16th.—That the expenditure of the said sum, and of any funds arising from the letting or disposal of the Lands reserved as an endowment for Public schools, be entrusted to the Board of Public Instruction.

The Commissioners have purposely refrained from entering into further details, which they consider will more properly emanate from the Board of Public Instruction.

Having fulfilled the duties of their appointment, the Commissioners most respectfully but earnestly desire to urge upon his Honor the Superintendent the necessity of taking prompt action on their report.

New Plymouth, Chairman.

LAND REGULATIONS RESPECTING PURCHASES BY MILITARY AND NAVAL OFFICERS.

Provincial Secretary's Office,
New Plymouth, 21st December, 1857.

THE following Regulations referred to in the Land Regulations of the Province of New Plymouth, are republished from the *New Zealand Government Gazette* of the 27th January, 1854, for the information of Military and Naval Officers proposing to settle in New Plymouth.

I. N. WATT,
Provincial Secretary.

INFORMATION FOR THE USE OF MILITARY AND NAVAL OFFICERS PROPOSING TO SETTLE IN CERTAIN OF THE BRITISH COLONIES.

1. Privileges in the acquisition of Land are at present allowed to Military and Naval Officers in the Colonies of New South Wales, Victoria, Van Diemen's Land, South Australia, Western Australia, New Zealand, Ceylon, and the Cape of Good Hope. As, however, the control of the waste lands of the Crown in New Zealand is vested in the Legislature of that Colony, it must be distinctly understood that Her Majesty's Government cannot guarantee the continuance of the following regulations, but that they will be liable to be altered or discontinued by the local Legislature; and the same caution will be applicable to any other of the Colonies named, in which the same control may hereafter be transferred to the local Legislature. The same privileges are extended to Officers of the East India Company's Service in Van Diemen's Land.

2. In the above named Colonies, land is disposed of by sale only; but Officers purchasing land are allowed a remission of the purchase money, according to the under-mentioned scale;

Field Officers, of 25 years' service and upwards, in the whole	£600
Field Officers, of 20 years' service and upwards, in the whole	500
Field Officers, of 15 or less years' service, in the whole	400
Captains, of 20 years' service and upwards, in the whole	400
Captains, of 15 years' service or less, in the whole	300
Subalterns, of 20 years' service and upwards, in the whole	300
Subalterns, of 7 years' service and upwards, in the whole	200
Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of Land.	

Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this Rule;—but Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

3. In order to take advantage of this privilege, Officers of the Army and Navy on full or half pay,

should provide themselves with a Certificate from the Office of the General Commanding-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, shewing that their settlement in a British Colony has been sanctioned, and stating their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. This Certificate will not on any account be issued more than once to the same Officer, or to any Officer on half pay who shall for two years immediately preceding the date of this Notice have resided in the Colony in which he seeks to make it available.

5. Gentlemen who have ceased to belong to Her Majesty's service will not be allowed advantages in the acquisition of land. This rule, however, is not to affect Officers who, having obtained permission to settle in a British Colony, have quitted the service for the purpose of doing so. But, in such cases, it will be necessary that their Certificate of service and permission should bear the date of their retirement from the service, and that within one year from that date, but not otherwise, it should be presented to the Governor of one of the above named Colonies, which will be sufficient warrant for allowing the bearer the advantages to which his rank and length of service may entitle him according to the above scale.

6. The object of the Regulations being to encourage the permanent settlement in the above named Colonies of Military and Naval Officers, and it being necessary to prevent those who have no intention of settling there from taking advantage of the privilege, Officers will not, for the space of two years from the making out of their Certificates, receive a Crown Grant for any land purchased by such Certificates, but will, in the mean time, receive a "Location Ticket." At the expiration of two years, the Officer, on shewing to the satisfaction of the Governor that he is *bona fide* a resident Settler in the Colony, and has so resided continuously since receiving his "Location Ticket," will be entitled to a Crown Grant in exchange for it. If, however, application should not be made for the exchange of the "Location Ticket" within twelve months from the expiration of the two years for which it is granted, it will be considered to have lapsed, and the land will be open to sale or grant. In case of the Officer's dying while holding a "Location Ticket," the land to which it refers will be transferred to his legal representative.

In case of such death occurring before the "Location Ticket" is obtained, the Governor of the Colony is authorised to make the certificate available in favour of the child, or other nearest representative of the deceased Officer, as he may find advisable. 7. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The lands are distinguished into three different classes; viz., Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price: these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No Lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase-money must be put down, and the remainder within one calendar month, or the deposit is forfeited. Lands are put up for sale in Lots not exceeding one square mile in extent.

8. In Ceylon, Land is sold by auction at an upset price, which is to be fixed by the Governor, but which is not to be less than £1 per acre. Before the Lands are exposed for sale, they will be surveyed by the Government, and duly advertised.

9. At the Cape of Good Hope, the upset price is 2s. per acre in the old Colony, and 4s. per acre in the District of Natal.

10. The several prices above-mentioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands. July, 1853.

BOUNDARIES OF ALLOTMENTS.

Provincial Secretary's Office,
21st December, 1857.

IT being found desirable to give publicity to the practice of the Land Office in the survey of boundaries of allotments obtained from the Crown, Notice is hereby given that the front boundaries of such allotments are pegged out, and direction lines indicating the boundaries are, upon the application of the owners, laid off by the Government Surveyor, the applicant providing the labor requisite for the purpose.
