## INVITATION

*Allen and Marjorie Alexander farmed a 73 hectare block on the corner of Faull & Ngatimaru Roads at Tikorangi. Their property, together with substantial investments, was gifted to the people of New Zealand to encourage education in agriculture and horticulture.*

*It is now 25 years since Mr Alexander's death and the Trust has become a valued contributor towards the education of Taranaki students.*

*It is proposed to unveil a plaque and to plant a gully with 70 native trees to create a "Podocarp Arboretum" as a permanent recognition of the Alexanders' gifts.*

*You or your representative are invited to attend the unveiling to be held at 1.30p.m. on Saturday, 7 August 1993 on the Corner of Ngatimaru & Faull Roads, and to participate thereafter in the tree planting, and then enjoy tea or coffee at the homestead if you so wish. Suitable farm footwear should be worn. Trees and spades will be provided.*

*Ngatimaru Road is first on the right after passing over the Waitara River bridge on the Main Road north from New Plymouth (Faull Road is 3/4 mile past the Apple Orchard).*
