## PROVINCIAL COUNCIL.

MONDAY, 17th NOVEMBER, 1856.

THE Superintendent opened the Fourth Session of the Provincial Council at 11 o'clock, A.M.; when His Honor delivered the following

### ADDRESS.

MR. SPEAKER AND GENTLEMEN—

The present may probably be the last opportunity I shall have of addressing you previously to the dissolution of the present Government, and it may not be considered inappropriate to make a few observations as to the past years of our mutual labours.

New as I may truly say we all were to the duties and the business of Government and Legislation, and small as have been the means and assistance the Province has enjoyed, I believe it will be found that, whether regarding the Public Works of the Province, or the amount devoted for Immigration, no Province has surpassed New Plymouth, considering of course the means at our disposal. The measures of Government and Legislation during the period of our trust are public property and must be judged by their results.

Incident to the newness of the Institutions we have had to introduce, much time and money have been expended in establishing an organisation applicable to the requirements of the Province, and we should indeed be fortunate could we say that all our efforts had been exempt from mistakes, but that was not to be expected and it is satisfactory to know that whatever expenditure has taken place has been satisfied out of the current revenue of the Province, and that the first Provincial Government of New Plymouth will enjoy the enviable satisfaction of being the only one of the Provinces of this Island that will at the close of its labours leave a Government unincumbered with debt to its successors.

In fact it will be found that this is the only one of the three Provinces of the Island that meets its current expenses out of its current revenue.

Of the Departments handed over by the General Government to Provincial control, the Harbour Department, the most important of all, was perfectly disorganised, and deficient of the necessary means and appliances; these latter have been supplied and efficient men have been obtained for the performance of the duties, and it is now admitted that the department has no equal in the Colony. Referring again to the subject of Revenue and Expenditure, in this department alone the added value to the property of the Department, estimated far below the cost price, is upwards of £1500.

In the present suspended state of the commerce of the Colony the Harbour Master has not considered it advisable that all the moorings obtained should be laid down, thus the present wear will be saved until the improved commerce of the Settlement requires their use. The same may be said of the commercial facilities which the Warehouse connected with the Department was intended to afford for the reception of cargoes landed or for shipment, when a steady demand shall again call the Harbor Establishment into activity.

The Police Department, maintained by the General Government at an expense exceeding £800 a year, is now supported by the Province at a sum little exceeding £300. This, however, is no doubt greatly due to the better social order and respect for the laws, growing out of Representative Institutions which make all alike influential as interested in the good Government of the Country.

During the last and present year upwards of twelve miles of forest roads have been opened, which are for the most part a chain wide, and indicate the steady occupation of the Bush Land of the Province. Irrespective of the sums granted for this purpose, six hundred pounds have been appropriated out of the surplus of the general revenue of the Province in aid of the Rates for

*[Faint, mostly illegible text from the reverse side of the page, including fragments of notices and official communications.]*

repairing Roads, and for Bridges, making with the rates of the several districts an aggregate of about £2000, largely enhancing the value of property and supplying important facilities to the producers of the several districts. Also from the surplus fund, in a more prosperous state of the Revenue, a thousand pounds, of which a large portion will be repayable into the Treasury, was remitted at the close of last year to assist the relatives and friends of settlers to come out from England, and the Immigrants are expected shortly to arrive. And another sum of about £350 was expended in promoting Immigration from Victoria, the results of which have been very satisfactory.

In common with the rest of the colony this Province is at present suffering great commercial depression, and all the inconveniences of a diminished revenue, but although the present pressure is great, we owe it to the large amount in the Provincial Treasury at the commencement of this year that the amount receivable by the Provincial Government under the new dispositions of revenue made by the General Assembly, and that from our ordinary revenue, and from other sources, will provide ample funds for all the present and accruing liabilities of this year, and the Province will commence the coming one with a balance in the Treasury.

But amongst other things, and perhaps before all besides, we should congratulate ourselves that our united efforts succeeded in obtaining for the Province the military protection which had become necessary to its very existence. The time had then arrived when the point was to be determined whether New Plymouth should exist as a Settlement or be given up to the Natives as a reserve in fulfilment of the former policy of the General Government. But with our self gratulation should be mixed a large measure of thanks to the Officer then administering the Government of the Colony for having under his temporary authority undertaken the responsibility of the measure.

Several measures, which had been prepared before I was made acquainted with your intention to address His Excellency to dissolve the Council, will be submitted for your consideration.

CHARLES BROWN,  
Superintendent.

#### TOWN RATES.

Speaker's Office,

New Plymouth, 20th November 1856.

Sir,—I have the honor to forward a certified copy of a certain Resolution adopted by the Provincial Council at the sitting held on Wednesday the 19th November, 1846.

I have the honor to be, &c.

I. NEWTON WATT,

To His Honor  
The Superintendent, New Plymouth.

Resolution of the Provincial Council at the sitting held on Wednesday the 19th day of November 1856.

Moved by R. Parris, seconded by G. R. Burton—

"That this Council (in conformity with the Petition signed Hursthouse & Smith) do recommend to his Honor the Superintendent the suspension of the sale of Town Sections as advertised by his Honor the Superintendent until after the next meeting of the General Assembly."

**T**HE Ordinance under which these Rates were imposed provides for appeals against the validity of all proceedings at meetings held thereunder, and declares that the validity of such proceedings shall

in no other way be called in question. Provision is also made for the hearing and final determination of all appeals against the rates imposed thereunder; and with a special view to the position of absentee Proprietors it further provides that no sales shall take place until eighteen months after the date of its being passed. A period of nearly two years has elapsed, and two sessions of the General Assembly have already taken place since these rates were imposed. Of these various opportunities of offering objections the agents of the absentee holders have not seen fit to avail themselves, nor are any objections urged until the final clauses of the Ordinance are brought into operation.

The rates imposed on Residents have all been paid, and the amounts due by absentee owners have been advanced by the Government, and applied for the maintenance of Public Works as provided by the Ordinance. Under these circumstances, and in justice to those by whom these rates have been cheerfully paid—without reference to its mischievous tendency as a precedent—no reason appears to exist for compliance with the foregoing resolution.

CHARLES BROWN,  
Superintendent.

Superintendent's Office,

**T**HE following Memorial and reply to it are published for general information.

CHARLES BROWN,  
Superintendent.

Superintendent's Office,  
19th November 1856.

To His Honor the Superintendent of New Plymouth.

The Memorial of the undersigned Electors humbly sheweth—

That your Memorialists understanding that a dissolution of the Provincial Council of this Province is impending, rendering fresh elections necessary, beg to call the attention of your Honor to the (in your memorialists' opinion) imperative necessity of an increase of the number of members of the Provincial Council, and an Executive Council to be responsible to the Provincial Council for the fair and proper government of this Province, so as not to leave the entire control of the business of the Province to the Superintendent, who has in your Memorialists' opinion been hitherto irresponsible.

Your Memorialists do therefore most humbly pray that your Honor will be pleased, prior to the dissolution of the Council, to introduce a Bill to meet the above requirements.

And your Memorialists will ever pray, &c.  
[Here follow 47 signatures.]

Superintendent's Office,  
New Plymouth, 18th November, 1856.

Gentlemen—

I have the honor to acknowledge the receipt of your Memorial requesting me, previously to the impending dissolution of the Provincial Council, to introduce a Bill to enlarge the number of its members, and to constitute an Executive Council for the government of the Province. As I have, since its receipt, been informed the

the Clerk of the Provincial Council has been instructed by that body to draft the required Bill, it becomes unnecessary for me to take any step until the Bill has been passed by the Council and is presented to me.

To the measure proposed I have not personally any objections to offer, although I am sensible of grave objections to that portion of it by which the responsibility vested by the Constitution Act in the Superintendent becomes transferred to a majority of the Provincial Council, and is at the same time divided among three salaried officers. But as the elected guardian of the interests of the Province, I am naturally anxious that any change which it may be thought necessary to make should be made deliberately and with due caution—and in effecting so important a change as the one proposed in the Government of the Province, I require to be assured that it is desired by a majority of its inhabitants. To such an expression of opinion it is my duty to give effect, though I should not feel justified in conceding to the request of one tenth of the electors a change which must so largely affect the interests of the whole community.

A copy of the memorial will be transmitted with the measure for the consideration of His Excellency's Government; in the meantime it is open to the memorialists to obtain additional signatures to it, or further signatures to another copy.

I have the honor to be,  
Gentlemen,

Your very obedient servant,

CHARLES BROWN.

To the  
Gentlemen signing the Memorial.

THE following communication to the Honorable the Colonial Secretary transmitting “An Ordinance to establish an Executive Government of the Province of New Plymouth and to enlarge the Provincial Council”—reserved by me under the 27th Clause of the Constitution Act for the signification of His Excellency the Governor's pleasure thereon—is published for general information.

CHARLES BROWN,  
Superintendent.

Superintendent's Office,  
New Plymouth, 24th Nov., 1856.

Sir,—I have the honor to transmit an Ordinance reserved by me under the 27th Clause of the Constitution Act, for the signification of His Excellency the Governor's pleasure thereon.

The Ordinance includes two subjects, one, the enlargement of the Provincial Council, and the other a question of Executive Government concerning the Province, the latter I am debarred from disallowing or assenting to, by the course adopted of combining it with the former.

I enclose copy of the only memorial received on the subject, from some of the inhabitants of the Province in support of the Ordinance, and of my reply pointing out to the Memorialists that the wishes of less than ten per cent of the Electors of the Province would not justify my assent to the measure requested, and suggesting the obtaining of additional signatures to the Memorial for the information of the General Government. Had this been done to an extent expressing the opinion of the majority of the constituency, I should have been prepared to assent to a separate enactment constituting an Executive Council, and the enlargement of the Provincial Council as a separate enactment I should have been prepared to recommend for assent, on the ground that the Provincial Council must be best sensible of the benefits to be derived from its enlargement.

On the whole I am of opinion that the two questions, only recently before the Electors of the Province, have not had the attention which they demand, and that a great portion of the unexpired term of the existence of the Provincial Legislature ending next year under the Constitution Act, ought to be allowed for their consideration by the Legislature and Constituency of the Province.

I have the honor to be, Sir,

Your very obedient servant,

CHARLES BROWN,  
Superintendent.

The Colonial Secretary.

VOL. IV. NEW PLYMOUTH, THURSDAY, DECEMBER 4, 1856. [No. 16.]

Superintendent's Office,  
New Plymouth, 28th Nov., 1856.

THE following correspondence with the Honorable the Colonial Secretary is published for general information.

CHARLES BROWN,  
Superintendent.

Colonial Secretary's Office,  
Auckland 16th Nov., 1856.

Sir,—Referring to your Honor's letter of the 23rd April, 1855, No. 148, respecting the remission of a fine of five pounds imposed on Mr R. Brown of New Plymouth for a breach of the Native Land Purchase Ordinance, I have the honor to inform you that in September last year His Excellency the Officer Administering the Government remitted this fine the defendant being at the same time cautioned against any future transgression on his part.

The Resident Magistrate reports in a letter of the 18th ultimo that as this fine had been paid over to the Provincial Treasury, and your Honor had received no communication on the subject from the General Government, the matter was still in abeyance, His Excellency's Government would therefore feel obliged if your Honor would give the necessary instructions for the refund of the amount to the Resident Magistrate with a view to the remission being carried out.

I have at the same time to express the regret of the Government that your Honor has hitherto received no reply to your communication on this subject.

I have the honor to be, &c.,  
E. W. STAFFORD.

His Honor the Superintendent,  
&c. &c. &c.

Superintendent's Office,  
New Plymouth, 27th Nov., 1856.

Sir,—I have the honor to acknowledge your communication of the 10th inst., informing me that in September last year His Excellency the Officer Administering the Government remitted a fine of five pounds imposed on the 24th April, 1855, on Mr R. Brown of this Province for a breach of the Native Lands Purchase Ordinance.

In compliance with your request I have directed the Provincial Treasurer to pay over to the Resident Magistrate on his application the amount of fine above mentioned.

The information against Mr R. Brown was the third at the instance of the Provincial Government, acting under the terms of a notice published in the Provincial Government Gazette at the suggestion of Mr Commissioner McLean.

Believing the previous cases of Mr W. H. Honeyfield and Mr J. B. White, to be more deserving of consideration than the subsequent case of Mr R. Brown, on which the penalty was remitted, I have for the sake of uniformity in the dispensation of justice, exercised the authority delegated to me by His Excellency the Governor to remit the penalty of Five Pounds imposed on Mr William Henry Honeyfield on the 27th November, 1854, under the Native Lands Purchase Ordinance, and the penalty of Five Pounds imposed on Mr J. B. White on the 7th December, 1854, under the Native Lands Purchase Ordinance.

VOL. IV. NEW PLYMOUTH, WEDNESDAY, DECEMBER 17, 1856. [No. 17.]

#### PROCLAMATION.

By His Honor Charles Brown, Esquire, Superintendent of the Province of New Plymouth.

**W**HEREAS by an Act made and passed in the Fourth Session of the General Assembly of New Zealand, intituled, "The Resident Magistrates Court Extension of Jurisdiction Act, 1856" it is amongst other things enacted, that it shall be lawful for the Governor upon the request of the Superintendent of any Province by Proclamation in the Government Gazette to bring the said Act into operation in respect of any Resident Magistrates Court having jurisdiction within such Province, from and after a certain day to be named in such proclamation, and to define the Districts within which cases may be heard in such Court under the provisions of the said Act. And whereas by the said recited Act it is further enacted "That the Superintendent of the Province within which any such Resident Magistrates Court shall be situated, shall by proclamation in the Government Gazette of such Province fix the days upon which such Courts shall sit to hear and determine causes under the provisions of the said Act."

And Whereas by a Proclamation dated the 7th day of November, 1856, and published in the New Zealand Government Gazette on the 11th day of the said month, His Excellency the Governor did proclaim and de-

clare that the said recited Act should come into operation in respect of the Resident Magistrates Court of New Plymouth, in the Province of New Plymouth, from and after the 12th day of December instant, and that the Province of New Plymouth shall be the District within which cases may be heard in such Court under the provisions of the said recited Act.

Now therefore in pursuance of the authority in me vested in that behalf, I the Superintendent of the Province of New Plymouth do hereby proclaim and declare that the Resident Magistrate's Court at New Plymouth will sit to hear and determine causes under the provisions of the said recited Act on the 18th day of December instant, and after that day on the first and third Thursday of every month, unless either of the said days shall fall upon a public holiday, in which case the said Court will sit on the day preceding. And I do hereby further proclaim and declare that I have fixed the said days as the days upon which such Court shall sit to hear and determine causes under the provisions of the said recited Act.

Given under my hand at New Plymouth this eleventh day of December in the year of our Lord, One thousand eight hundred and fifty-six.

CHARLES BROWN,  
Superintendent.

HUA VILLAGE.

NOTICE.—Purchasers of land in the Hua Village Site are hereby informed that the Government Surveyor will attend at the Hua on Monday the 22nd instant for the purpose of pointing out the boundaries of all sections lying to the westward of Wynyard Street—and on the following day (Tuesday), for pointing out the boundaries of those which lie to the Eastward of the same street—and no applications for pointing out the boundaries of the said lands will be entertained after the days above mentioned.

CHARLES BROWN, Superintendent.

Superintendent's Office, December 11th, 1856.

HUA VILLAGE.

NOTICE.—Purchasers of contiguous sections of land in the Hua Village Site who may be desirous of having such sections included in one Crown Grant, are requested to give notice to that effect at the Crown Land's office on or before the 31st instant, otherwise a separate Crown Grant will be issued for each section.
