ANOTHER MILESTONE IN ROWE & HEALY'S RAPID EXPANSION

This new building marks yet another milestone in the advancement of Rowe and Healy Ltd. Four short years ago Messrs. Rowe and Healy, already well and favourably known to the public of North Taranaki, commenced business as motor-cycle dealers and servicemen. That they have given satisfaction to their large and ever increasing clientele is borne out by the fact that their old premises have long since proved inadequate necessitating the erection of this modern block. Nothing has been spared for efficiency—Modern Hoists, Aro High-pressure Greasing equipment (the only plant of its kind in Taranaki), modern Precision equipment for expert repairs, are among the facilities now available to Taranaki motorists.

MR. MOTORIST! Take advantage of these facilities—Their installation means still better Service for your car.
