Mrs. C. H. Burgess

New Plymouth, N.J.

My dear Mrs. Burgess,

Your very kind letter
was received weeks ago,
and Mr. Lindsay + I hardly
know how, adequately, to
express our appreciation to
you. We feel it a very
loving + kindly deed which
the Victoria League is

country' across the world. The
loss of our first born child and
our only son, as far from home
and in circumstances so trying,
has seemed sometimes pretty
hard to bear, but I assure you
that the sorrow has been
softened and our hearts
comforted by the kindness of
the people of New Plymouth
through the Victoria League. I

I hope that some day
husband & I may meet some
of your kind people, as it is
our desire, if life & health be
spared us, to visit New Plymouth.
After our two daughters have
completed their education.

as our youngest daughter
is but fifteen years old.

Meanwhile I trust that you
will accept our gratitude
from full hearts, and convey
it to the League.

You mentioned being able
later to send photographs of the
spot where our son lies. We
shall be very thankful to receive
them & I trust that you will
allow us to reimburse you
for any expense connected
with them.

I am

Very sincerely yours.
